

SCHOOL OF SOCIAL SCIENCES AND LANGUAGES

Master of Social Work (MSW)

Curriculum

(2022 - 2023 admitted Students)

VISION STATEMENT OF VELLORE INSTITUTE OF TECHNOLOGY

VIT will impart futuristic education in multidisciplinary areas and instill highpatterns of discipline through our dedicated staff, who shall set global standards, making our students cognitively superior and ethically strong, who in turn shall improve the quality of life of the human race.

MISSION STATEMENT OF VELLORE INSTITUTE OF TECHNOLOGY

- World class Education: Excellence in education, grounded in ethics and critical thinking, for improvement of life.
- Cutting edge Research: An innovation ecosystem to extend knowledge and solve critical problems.
- **Impactful People**: Happy, accountable, caring and effective workforce and students.
- **Rewarding Co-creations**: Active collaboration with national & international industries & universities for productivity and economic development.
- Service to Society: Service to the region and world through knowledge and compassion.

VISION STATEMENT OF THE SCHOOL OF SOCIAL SCIENCES AND LANGUAGES

• To be a centre of academic excellence by fostering holistic growth and development in students.

MISSION STATEMENT OF THE SCHOOL OF SOCIAL SCIENCES ANDLANGUAGES

- To mould students from different cross-sections of society by enhancing professional competence, self - confidence and positive attitude that wouldhelp in the economic development of the nation
- To disseminate knowledge in the academic stream relating to commerce with innovative teaching learning processes.
- To inspire and empower the students from diverse backgrounds to become innovative leaders and entrepreneurs who contribute to the betterment of society with ethical and social responsibility.

MSW Programme

MSW, Master of Social Work is a two-year postgraduate programme. The most compelling rationale for developing an MSW Programme at VIT University is to broaden its mission of serving society. The MSW programme is a postgraduate qualification for those looking to practice as qualified social workers.

Master of Social Work (MSW)

PROGRAMME EDUCATIONAL OBJECTIVES (PEOs)

- 1. To equip students with professional knowledge, values and skills needed for the social work profession.
- 2. To provide a theoretical and applied framework for engagement, assessment, intervention and evaluation with individuals, families, groups, organizations and communities.
- 3. To develop a practice oriented research and research oriented practice resulting in societal welfare.
- 4. To imbibe the principles of public health policies and practices for effective processes and intervention.
- 5. To ensure the research findings resulting in policy formulation and implementation.
- 6. To develop students to understand the human diversity in the modern society.

MSW – Master of Social Work

PROGRAMME OUTCOMES (POs)

- 1. Students will attain critical thinking and ethical decisionmaking skills in the areas of research and practice.
- 2. Understanding of interpersonal collaboration, human behaviour and group dynamics.
- 3. Developing strategies to promote human rights, social and economic justice.
- 4. Learning and applying research methodology and data analysis.
- 5. Assessing the delivery and impact of policy measures
- 6. Application of intervention strategies based on field assessment and research

MSW – Master of Social Work

PROGRAMME SPECIFIC OUTCOMES (PSOs)

- 1. Explore and analyse societal problems at the grass root level to develop interventional strategies
- 2. Engage and implement strategies, policies and action plans to address real world social issues in a collaborative manner with stakeholders.
- 3. Promote and render yeoman service to the society for attaining human and community well-being.

Approved by Academic Council	No. 62	Date	15-07-2021			

Course code	Course Title		L	Τ	Р	C
PSWK111L	Social Legislation		3	0	0	3
Pre-requisite	Nil	Syllabus version				
		v. 1.0				

Course Objectives

1. To enable students to understand the judicial system and the legal mechanisms for seeking justice.

- 2. To impact knowledge about the various legislations available to deal with social problems.
- 3. To expose them to law enforcement institutions and bridge the gap between the Criminal Justice System and victims.

Expected Course Outcomes

Students will be able to

- 1. Demonstrate an understanding of how historical and contemporary social and legal contexts have shaped the various components of the criminal justice system.
- 2. Apply criminological theories to explain deviant behaviors and the criminalization of nonconformity.
- 3. Explain the construction of social structures and categories (e.g., race, class, gender) and their influence on laws and law enforcement, including the confluence of resultant criminogenic factors.
- 4. Develop strategies to address issues of social change within the context of the criminal justice system.
- 5. Demonstrate an in-depth understanding of one aspect of criminology, criminal justice, or law and its relationship to larger social issues.
- 6. Communicate criminological concepts and/or research in a manner that is appropriate for the intended audience (e.g., race, class, gender, sexuality).

Module:1 Introduction to Social Legislation

8 hours

Concepts of social legislation Constitutional base of social justice, positive and protective discrimination Social legislations in India as a welfare state. The Constitution of India: Preamble and Fundamental Rights. Judicial system in India: Supreme Court, High Court, District Court and Session Court, Special Courts/Tribunals. Role of Social Workers in promotion of social Justice, Human Rights through Social Legislation.

Module:2Laws related to Citizens7 hoursLok-Adalat- Purpose and legal Provisions - Legal Aid: Concept & history of legal-aid, persons
needing legal-aid, legal-aid schemes - Judicial activism and Public Interest Litigation: Meaning,
Concept, Process and Problems - Provisions and implementation - Right to Information Act 2005
Consumer Protection Act - Project Affected persons- Role of Social Worker: Social Work
intervention, need, methods and problems.

Module:3 Marriage and Law

5 hours

6 hours

Hindu Marriage Act 1955, Hindu Adoption and Maintenance Act 1956, Christian Marriage Act 1955, Laws pertaining to Marriage, Divorce, Adoption under Mohammedan Laws, Special Marriage Act 1954, Family Court Act 1984.

Module:4 Women and Law

Field Work, Research Project and Internship

Course code	Course Title	L T P C
PSWK101F	Field Practicum - I	0 0 0 6
Pre-requisite		Syllabus version
		v. 1.0
Course Objectives:		

• To understand the theoretical perspectives of social work during observation visits through an understanding of their vision, mission, goals, structure and functions moreover focus on learning the impact made by the organisation in the lives of people;

- To execute casework, group work and community work interventions to enhance people's self-help capacity by applying knowledge, skills, values and principles of Social Work by simultaneously analysing the socio-economic situation of families and support their journey towards self-reliance
- To build on-field experience to propose new models through collective sharing of field examples to integrate theory and practice with the pride of becoming a social worker.

Expected Course Outcome:

- Remember and relate the Professional Social Work principles, values and knowledge learnt in class with the Agency and Community setting during Field Work.
- Demonstrate professionalism through observation, documentation, analysis and presentation skills and active participation in classroom discussions.
- Apply the knowledge, skills, values and principles of Professional Social Work in fieldwork practice by planning and implementing appropriate casework, group work and community work plans.
- Analyse the group and community dynamics while implementing the action plan.
- Build rapport with people in the community and clients of group work and casework, smoothly implement the intervention and organise community events.
- Periodically evaluate the course of action with the clients and community members, create mechanisms to assess their process and systematically document the work.

General Guidelines

180 hours

- 1. Skill labs: Self-awareness, effective interpersonal communication for all students
- 2. 'Street Theatre training' workshop conducted for awareness
- 3. Training on the creation of posters, short videos and audio messages for campaigns
- 4. There will be at least five observation/exposure visits to different pre-identified agencies by all students along with their faculty members.
- 5. Those agencies working with people with special needs (Children, People with disabilities) and the projects of Corporates under CSR (village adoption/ improvement initiatives)
- 6. For concurrent fieldwork, social work trainees reach out to the families, groups and individuals through the different institutions and carry out by the guidance of faculty and field supervisor.
- 7. During the placements, students work with three individuals (casework), one group work and organise one community-based event.
- 8. As per the need, students may engage in online campaigns/events as guided by their supervisors.
- 9. Regular reporting and weekly conferences give direction to students. They prepare and

submit consolidated reports by the end of the semester for end semester external examination.

10. Report writing, timely submissions, presentation, sharing critical reflections and Participation in discussions are part of continuous internal assessment.

Mode of Evaluation: Continuous Assessment of the Field Practicum– Reports and Conference with Faculty and Field Supervisor - Consolidated report. Internal assessment 60 marks and External assessment 40 marks.

Approved by Academic Council	No. 64	Date	15-07-2022			

Course code	Course Title		L	Т	Р	C
PSWK103F	Field Work – III					6
Pre-requisite	Nil	Syll	labu	IS V	ersi	on
		v. 1	.0			

Course Objectives

- To facilitate students' contextual understanding in their fields of specialisation so that they can enhance their analysis, research and administration skills to apply effectively the methods and values of Social Work in their respective field settings
- To build professionalism in Social Work practice through the values, principles, ethical standards and systematic documentation for working with individuals, family, community and related agencies and be able to link needs and resources through strategic networking and resource mobilization
- To create and deliver innovative plans through the new knowledge, strategies and recent trends from the study tour through the exposure gained visiting a wide range of organizations across specializations in different parts of the country

Course Outcomes

n completion of this field work the students will be able to:

- Demonstrate good analysis of the field work settings; the right methods to apply when working with individuals, groups, families and communities applying the values, principles and ethics of Social Work
- Distinguish quality of interventions through the strategic networking for resource mobilization, specialized intervention with systematic documentation and plan for follow-up and reporting
- Evaluate the scenario and proactively put in place systems and referrals for sustainable action and impact with the belief in the self-help capacity of people and communities.
- Draw connections through the visits to a range of institutions so as to learn the relevance of their intervention and impact so as to individually or collectively design future action in the field
- Discuss and appraise the structure, focus, styles and patterns of functioning of different institutions
- Prepare professional reports, presentations and models from the visits to share with the team and department and simultaneously draw lessons to impact future course of action

General Guidelines

180 Hours

- 1. A theme will be identified and relevant organizations and location will be chosen for study visit. The visit/tour can be completed within/outside the state.
- 2. The study visits will be arranged and planned by the students with support from the faculty members.
- 3. Minimum of five organizations need to be visited and the duration of the visit shall be 12 days. Students will be required to write detailed reports for each organization visited.
- 4. Based on the area of specialization, students will work with pre-identified hospital settings or community-based organizations for a period of 12 days. A minimum of four organizations will be chosen for the field work.
- 5. The settings where students are placed for concurrent field work will have competent field supervisor who could guide and give direction to their work
- 6. Students will apply the methods, skills and values of social work and in addition, they apply their research and administration skills. They learn to write effectively to tap resources so as to link resources and needs
- 7. Study tour and concurrent field work sharpens their knowledge, values and skills and enhances their professionalism
- 8. Study tour/visits are compulsory and they will be considered as a part of the fieldwork.

Absentees for a particular visit should complete the visit to the same agency on their own arrangement before the completion of the study visit period.
